

Crusade of Fortune Game Information

Crusade of Fortune is a 5-reel, 20-line, multiple coin video slot featuring wild, bonus and scatter symbols, free spins and a bonus game.

Crusade of Fortune takes players on an adventure into a fantasy world full of magic, strange mythical beasts, and valiant heroes. Players have a chance to win up to 300,000 coins in the main game and 250,000 coins in the bonus game!

The Crusade of Fortune slot also features an off-the-reels bonus game that pits you against an evil Orc. Defeat the Orc in order to claim his treasure!

Game Screen

The Crusade of Fortune game screen is composed of three main areas - video display, keypad and game panel.

Special Game Symbols

	The wild symbol - This symbol can take the place of any other symbol to complete a winning bet line, except for scatters and bonus wins.
	The bonus symbol - 3 or more bonus symbols on a betline activate the bonus game. Click FEATURE PREVIEW button to the right of the game buttons to view a sample of the bonus game.
	A scatter symbol - Wins with scatter symbols pay the multiplier (displayed in the payable) multiplied by the total bet. In addition, 3 or scatter symbols wins the player 10 or more free spins.

The **Video Display** or main game reel and Free spin reels are visible in the upper area and make up the majority of the screen. The **PAYTABLE** button and information for the maximum possible coin win are shown in this area.

The **Keypad** shows the current bet level (or the number of coins that the player bets per bet line). In addition, it also contains the current number of bet lines, the player's available coins and the recent coin value.

The **Game Panel**, situated at the very bottom of the screen houses the buttons for game settings such as audio, auto play menus and game rules. It also houses account information and switches between showing the play mode (whether Play or Fun modes), available cash, bet and amount won.

Game Rounds

For each game round, players can choose between different coin values. Players can bet can between 1-20 coins per bet line on 1 or all 20 lines. The minimum bet is one 1 coin on 1 betline, and the maximum bet is 20 coins on all bet lines (20) totaling 400 coins.

Only the highest win on a bet line is paid. Combination wins pay only if in succession from leftmost to right, except scatter symbols. Payouts for winning combinations of symbols are displayed in the **PAYTABLE**.

Game Results

Players have the opportunity to win on any of the bet lines on which they bet. Once the reels stop, the game highlights which lines are winners and how much the player wins on each line. The player's total winnings are summed together and shown in the **WIN** box. The amount won is displayed in the game panel and added to the cash.

Game Actions

The buttons on the key pad perform the different game actions:

BET LINES	When the button is clicked the bet line counter increases by one and an additional bet line is highlighted. Players can also click a betline number to select the corresponding betlines.
BET LEVEL	This increased the bet level by one.
COIN VALUE	This increases the coin value.
MAX BET	When this button is selected, the bet level counter changes to 4, all bet lines are active and the game round starts.
	Starts a game round. When the wheels are spinning you can SPIN a second time to stop them

Wild Substitutions

The Wild symbol substitutes for any regular symbol to complete a winning betline except scatter and bonus symbols.

Crusade of Fortune Bonus Game

When players get 3 or more bonus symbols on a bet line, this triggers the bonus game. During the bonus game, players take on the role of the heroic Warrior ready to do battle against an evil Orc.

Players win bonus amounts based on how much damage the Warrior inflicts on the Orc. Players also gain points when they successfully block the Orc's attacks.

Free Spins

When 3 or more scatter symbols appear, the player wins 10 or more free spins. Just click the **Start Free Spins** button to start the spins. The number of spins is displayed and the free spins are played automatically. Players can also win additional free spins during free spins when 3 or more scatter symbols appear. Wins that occur during free spins are tripled, except for bonus game wins.

Continuation of Crusade of Fortune Bonus Game...

Players have up to three rounds to kill the Orc and get the bonus treasure win. After 3 rounds the fight is decided as a Win, Loss or Draw.

Each round is played in two stages:

Stage 1: Choose your Attack

Player must click on a sword to select the attack: high, middle or low. The Warrior attacks the Orc using the strike selected. The Orc tried to block the attack using one of the three positions high, medium, low. Depending on the strike the player may or may not wound the Orc.
