Game Screen Design

Ghost Pirates™ slot game screen is comprised of three main areas.

Video display area

The main game, free spins and bonus games are played in this area. In addition, the paytable is also displayed in this area.

Keypad

The keypad houses the current bet level (number of coins per bet line), available cash in coins and the current coin value. But unlike previous slot games, instead of bet lines it now has bet ways. This offers players from 3 to 243 ways to win. In addition, the main game buttons used to select the bet level, bet ways, coin value, max bet and start button of the game are also located in this area.

Game panel

In this area the game displays the available cash in the player's account, as well as the amount bet and won. Buttons for the game settings menu, audio, game rules and autoplay are located to the left on the game panel history.

Free Spins round

Wild substitutions

Game rounds

A Ghost Pirates™ game round starts when the player clicks the spin button; the amount bet is deducted from the current credit (available coins and credit). The reels spin and automatically come to rest. The player has an option to stop the reels by clicking the spin button (available when G4 mode is disabled).

Game results

Players can win on any one of the bet ways on which they bet on. Of course the higher bet way they choose the bigger their chances of winning.

The depending on which bet way players choose, the game highlights which are winners and how much has been won. The amount won is added to the cash and displays in the game panel.

Wild Symbol Substitution

The wild symbol substitutes for any other symbol to complete a winning bet line, except for scatters.

Wild Symbol

Main game

Before a round, players can select the coin value, bet ways and bet level before spinning the reels. The minimum bet is one coin on 1 active reel, giving 3 bet ways, and maximum bet is 25 coins on 5 active reels giving 243 ways to win.

Game Actions

The buttons on the key pad perform the different game actions below:

BET WAYS	Players can select 3, 9, 27, 81 or 243 bet ways. Giving Players anywhere from 3 to 243 ways to win. Note: the middle row is always active.
BET LEVEL	This increases the bet level by one.
COIN VALUE	This increases the coin value.
MAX BET	When this button is selected, the bet level counter changes to 5, all 243 bet ways are active and the game round starts.
	Starts a game round.

Scatters and Free Spins

Scatter wins pay the multiplier (displayed in the payable) multiplied by the total bet.

- There are no bet lines.
- You can play 3, 9, 27, 81 or 243 bet ways at 1 to 5 bet levels.
- The spin button plays the game at the current bet way and bet level.
- MAX BET plays the game at the maximum bet way, highest bet level, and the pre-selected coin value.
- AUTO automatically plays the game for the selected number of rounds.
- Win calculations are based on consecutive left to right symbol combinations.
- The first symbol in the win combination must be on the first reel.
- Winning combinations and payouts are made according to the PAYTABLE.
- Bet way wins are multiplied by the bet level.
- Wild symbol substitutes for any symbol except the scatter.
- Scatter wins pay total bet x multiplier.
- Some features may not be available in PLAYING FOR FUN mode.

Wild substitutions

The wild symbol substitutes for other symbols to complete a winning combination.

Wild symbol exceptions

The wild symbol does not substitute for the scatter to complete winning combinations. And only the highest winning combination on a bet way is paid.

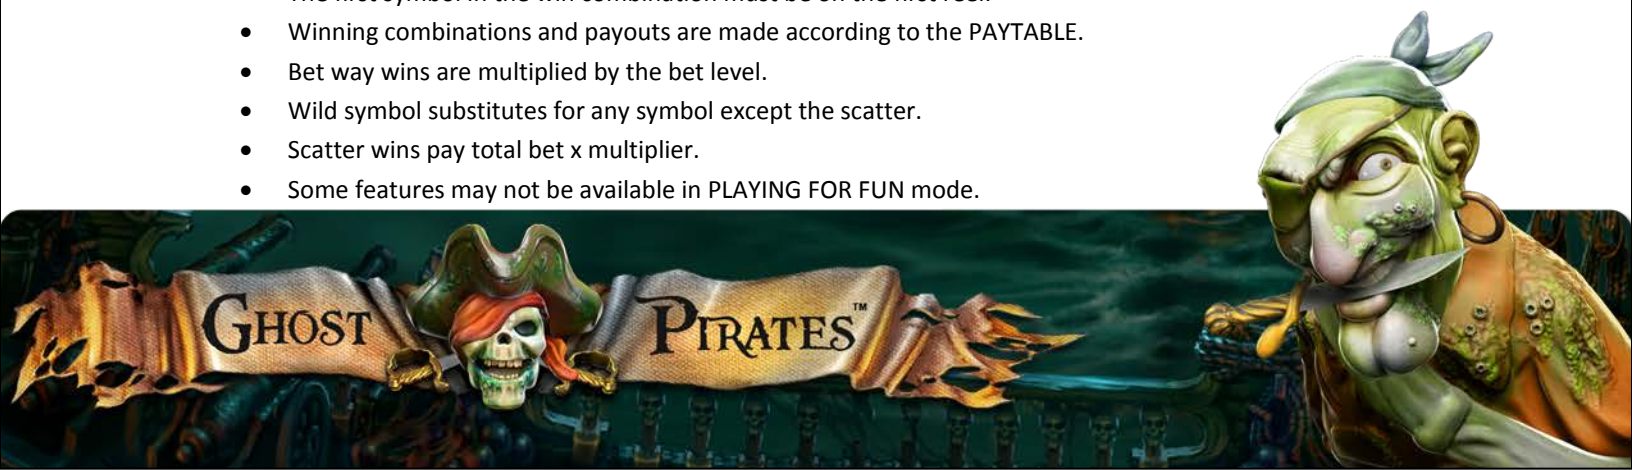

Payout

Winnings are paid out to the player depending on the symbols displayed on a bet way when the reels stop. The bet way wins pay if symbols are in succession from left to right.

The payable to the left of the game screen displays the payout for each winning combination.

Paytable

Ghost Pirates™ features a 4-page paytable. Players can click the 1st page **PAYTABLE** to displays the Bet ways. The 2nd page of the paytable can be accessed by clicking on the 'Next' arrow. The second page displays the payout and payout rules for scatters and wild symbols. The 3rd and 4th page shows payouts for regular symbols.

Free Spins

- 3 or more scatter symbols activate Free spins.
- Scatter symbols must appear in succession, starting from the left to right.
- Free spins are played at the same bet as the round that activated the Free spins.
- Additional Free spins can be won even during Free spins. These are added to the free spins tally.
- Wins from Free spin are tripled.
